

Zettonics Modular Optical Infrastructure TEN²¹ - Cat.6A Cassettes

Zettonics TEN²¹ Cat6A cassettes are designed for data centre and enterprise network applications, easy to handle and fast to install. With tool-less installation and one click latching technology Zettonics TEN²¹ Cat6A cassettes can be inserted and removed from both the front and the rear. They can be housed in either 1U or 2U chassis, or 0U housings. Incorporating Cat6A snap-in modules, perfect for use in 10 Gigabit Ethernet (10GBASE-T) and future high-speed applications to 500MHz, the Zettonics TEN²¹ Cat6A cassette offers copper ports for switch and infrastructure monitoring purposes within the same chassis.
